- The PSMP recommended revising the County Code to allow for the sale of alcoholic beverages in additional parks, to help address public demand, activate public spaces, and create economic benefit.
- DPR conducted public engagement on the proposed amendment in Fall 2022, and most comments were supportive of the change.
- The County Board adopted the amendment to the County Code in January, adding Penrose Square and Long Bridge Park to the list of parks where alcoholic beverages may be sold by permit during special events, effective for the 2023 event season.
